

Why Art Programs Are Necessary In Schools

Presented by: Anna Denucci

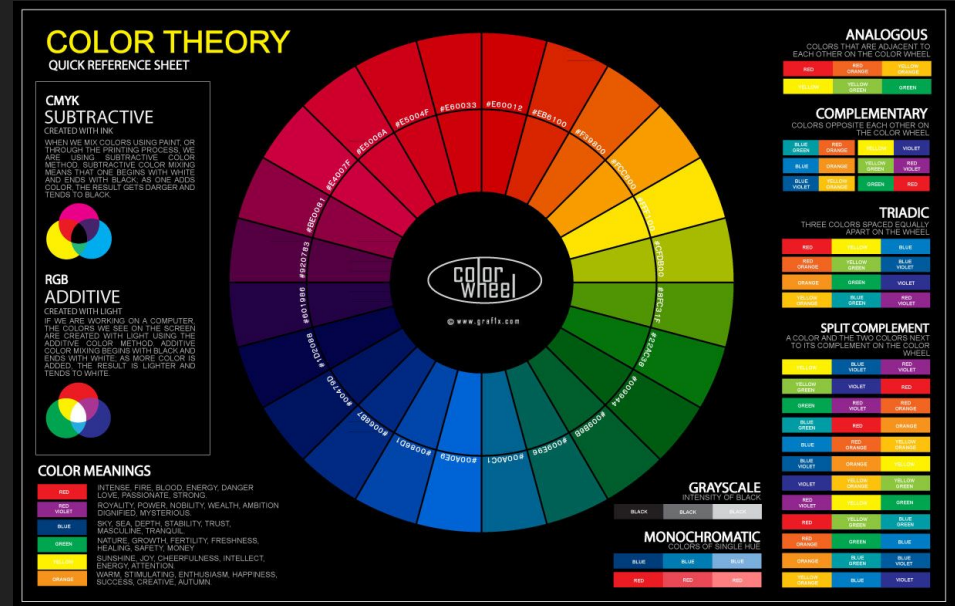

“Students do not *need* to learn art”

- Mirror Neuron Activation
- Comprehension of subjects outside of art
- Learn to communicate ideas
- Understand complex social concepts

“Not everyone has natural talent for art”

- Education needs a balance of subjects
- Art techniques taught in class
- Not graded on talent
- Student led critiques

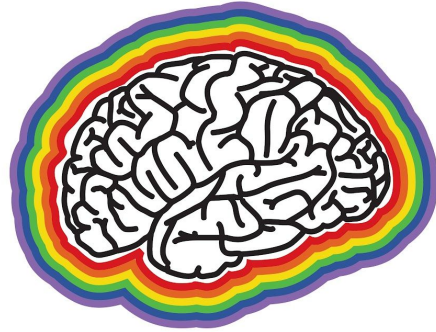

“There are not any jobs in art anyway”

- Art careers are out there
- Art can apply to any career
- Art skills easily translate to life

In conclusion...

Be SmART

Support art education in schools.
