

Application Assignment – Measurement & Surveys

20 points

Due 3/12 @ 11:59pm (upload to Moodle)

Definitions:

College Students - Individuals typically aged 18-22 who are attending a higher education institution

Online Learning - Students completing majority of their classwork online, either synchronously or asynchronously

Face-to-Face Learning - Classwork that occurs in a physical classroom setting amongst peers engaging in the same learning process

Introduction:

Hello and welcome to the COME 180 student-conducted research survey. This survey aims to assess the relationship between online learning and student performance. In this survey you will answer a series of questions about yourself, (don't worry, it's not anything too personal) as well as questions surrounding your time with online learning and your perceived success in class or your performance. Please take care to answer all of the questions as truthfully as possible. Keep in mind that any and all responses will be kept anonymous. Thank you so much for helping us with our research!
