News from Green Bay Humane Society- 100 Dogs Brought to Green Bay Humane Society

Green Bay Humane Society has rescued 100 new dogs from Texas and will be open for adoption and fostering to the public on November 23, 2021. These dogs were living on the streets or were severely abused.

The Green Bay Humane Society will desperately need your help by either adopting, fostering or any donations will be greatly appreciated. Most of these dogs are coming from families that have abused them to the point where they do not believe they are worthy of love. We are asking for your patience with the animals as they continue to win over your heart. We are also hiring volunteers as well. Volunteering could be as committed as you would like. The Humane Society is looking for volunteers at every branch, especially at the Green Bay building. If you are interested in making a donation or volunteering please contact us at (920) 4469-3110. Donations we are accepting will be toys, blankets, food and bedding.

David Hecker, on the chair of the Humane Society says,

“These animals will need the community to rally together and support these animals. We are excited to have saved these dogs lives and look forward to seeing the community save these animals.”

C. Vanessa Arboleda, director of the Human Society stated,

“Any help is greatly appreciated. I first started as a volunteer at the Humane Society and fell in love with the animals and my passion for saving them continued to grow. I started off as walking the animals and playing with them and have grown to now become a director. Yeet, I still find my favorite part of my day is playing with the animals.”

Additional information on how you can support is available here: info@wihumane.org

The Green Bay Humane Society’s goal is to make a difference for animals and the people who love them. The Wisconsin Humane Society has been saving the lives of animals for more than 140 years and annually serves 40,000 animals. We receive no general government funding. We want to continue serving our community and making them proud, we just need your help.
