I. Introduction

A. Have you ever…

B. Unfortunately…

C. Through researching…

D. The US could benefit…

E. Main Point 1, 2, 3

Transition…

II. “Our HealthCare System is Better”

A. Less effective

1. (Commonwealth Fund) Graph

2. (Commonwealth Fund) Graph

B. Costs us more

1. (Commonwealth Fund) Graph

2. (Yale) 13% savings, 450 bil. Annually

Transition…

III. “My Insurance is Fine, Why Change?”

A. Not necessarily covered

1. (Value Health) Bankruptcies

2. Over 45%...

B. Can lose job

1. (Pew Research Center) Graph

2. Uncertain times…

Transition…

IV. “I Don’t Want Taxes Raised”

A. Overall, money is saved

1. (NY Times) “When an American family earns around $43,000… 37 percent of that ends up going to taxes and health care premiums. In high-tax Finland, the same type of family pays 23 percent of their compensation in labor taxes, which includes taxes they pay to support universal health care”

2. We’re already paying more

B. Have some compassion

1. Relate back to earlier graphs

2. You can’t put $ on human life

Transition…

V. Closing

A. The U.S. would benefit…

B. Recover main points

C. I hope someday…

D. Thank you
